#### Note:

Current as at **6 April 2009**. Please check [www.nehta.gov.au/pip-vendors](http://www.nehta.gov.au/pip-vendors) for current list of eligible suppliers.

Practices need to be mindful that suppliers will require time to complete the requirements to be included on this eligibility list. The list will be updated as suppliers notify NEHTA of their eligibility.

Practices should not be concerned if their supplier is not currently listed but recheck the listings periodically.

Practices are also reminded that they have until 31<sup>st</sup> July 2009 to comply with the secure messaging requirement and this timeline was developed with the particular needs of suppliers in mind.
